As a third-year law student and current member of the Communications Committee, I would like to become a PSM to bring more positive change to the GUU. Three areas I would like to focus on are:

1. Daytime events

Introducing more daytime events and utilising the capabilities of the Communications Committee more in order to increase attendance. This would be specifically targeted towards the student body that the GUU needs to provide more for, namely sober students and international students. The aim is that they feel comfortable enjoying themselves in the union, even if it is not for the usual pass-times that people attend for.

2. Study spaces

Another aim of mine is to upgrade the current study spaces within the GUU in order to make the GUU a space that the student body feels comfortable studying in. This could involve improving furniture or allocating certain spaces as 'quiet' areas.

3. Feedback

Promoting the current feedback mechanism to students, as many of our current members do not use the dedicated google form which is currently in use. Potentially creating a dedicated feedback section on the GUU's website or socials for further ease and accessibility.
